

LITTLE FIRS DAY NURSEY. 74. Visits and Outings Policy & Procedure

This policy and procedure links to the following:

Legal Framework: Statutory Framework for the Early Years Foundation Stage: 3.66, 3.67

Little Firs Policies & Procedures: All Health & Safety Policies, Child Protection and Lost Child Procedure from Visits and Outings

At Little Firs we offer children a range of local outings including walks and visits off the premises. We believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. We always seek parents' permission for children to be included in such outings.

Procedures

Visits and outings are carefully planned to use the following guidelines, whatever the length or destination of the visit:

- A pre-visit checklist, full risk assessment and outings plan will always be carried out by a senior member of staff before the outing to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards. We will endeavour to visit the venue prior to the visit. This will ensure that the chosen venue is appropriate for the age, stage and development of the children
- Written permission will always be obtained from parents before taking children on trips
- We provide appropriate staffing levels for outings dependent on an assessment of the safety and the individual needs of the children.
- All staff hold a valid and current paediatric first aid certificate
- A fully stocked first aid box will always be taken on all outings along with any special medication or equipment required
- A completed trip register together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- All staff will be easily recognisable by other members of the group; they will wear the nursery uniform and high visibility vests/jackets
- On relevant outings children will be easily identified by staff when on a trip by use of a sticker system. The nursery name, number and mobile number will be displayed
- A fully charged mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation. If required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents being contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery.

Risk Assessment/Outings Plan

The full risk assessment and outing plan will be displayed for parents to see before giving consent. This plan will include details of:

- The name of the designated person in charge - the outing leader
- The name of the place where the visit will take place
- The estimated time of departure and arrival
- The number of children, age range of children, the ratio of staff to children, children's individual needs and the group size
- The equipment needed for the trip, i.e. first aid kit, mobile phone, coats, safety reins, pushchairs, rucksack, packed lunch etc.
- Staff contact numbers
- Method of transportation and travel arrangements (including the route)
- Financial arrangements
- Emergency procedures
- The first aid kit
- Links to the child's learning and development needs.

Use of Vehicles for Outings

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned
- We use Dorset Council School Vehicles for transporting children; these are properly licensed, have appropriate seat belts and maintained by Dorset Council. All their drivers are over 21 years of age and hold a Passenger Carrying Vehicle (PCV) driving licence.
- When children are being transported, we maintain ratios.

Lost Children

In the event of a child being lost, the Lost Child Procedure will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

There may be opportunities for parents to assist on outings. The manager will speak to parents prior to the visit regarding health and safety and code of conduct.

In the Event of an Emergency (including a terrorist attack)

In the event of an emergency whilst out on a visit, we encourage staff to find a 'safe haven' and remain there until the danger passes. Each outing will have a detailed risk assessment, which covers all these risks and is planned.

This also includes other issues such as extreme weather, an emergency (such as an ill or injured child). As soon as appropriate we will update parents.
