

LITTLE FIRS DAY NURSERY SAFEGUARDING CHILDREN STATEMENT

Parents and Carers rightly expect safeguards to be in place when entrusting their children into our care and Little Firs have a duty of care and a responsibility for their protection and well-being.

Little Firs has a duty to report any suspicions of abuse to Dorset Family Support and Advice Line whether this stems from allegations against carers/parents or the public and LADO with allegations against staff. We have developed a safe organisational culture where staff are confident to raise concerns about professional conduct.

Little Firs Day Nursery will follow the procedures set out by Dorset Safeguarding Children Partnership and as such will seek advice on all steps taken and our staff will adhere to their guidelines.

In March 2015, new statutory duties were placed on education settings by the Counter Terrorism and Security Act (2015) which means they must work to prevent children being drawn into extremism.

It is our policy and procedure that staff ensure the safety and well being of all the children in their care. Risk Assessments are carried out daily and all policies and procedures are regularly reviewed and updated if policies and procedures change.

The setting has numerous policies and procedures for safeguarding children all clearly state that the protection of children is paramount to the setting. These can be found in the classrooms, nursery hallway and on our website-www.littlefirs.co.uk
